

ENHANCE CAT6E SFTP OUTDOOR 23AWG NETWORK CABLE

Weather-Resistant Single Jacket | SFTP EMI Protection | Bulk 305m (1000ft)

Secure your outdoor network connections with this high performance 305m (1000ft) Cat6e SFTP bulk outdoor network cable. Built to withstand demanding environmental conditions, this cable features a robust weather-resistant single jacket and 23 AWG conductors. The Shielded Foiled Twisted Pair (SFTP) design provides superior protection against electromagnetic interference (EMI) and cross talk, ensuring stable data transmission in high-noise areas.

PRODUCT TYPE	SFTP Outdoor Network Cable	CATEGORY	Enhanced Category 6 (Cat6e)
LENGTH	305m (1000ft) Spool	CONDUCTOR GAUGE	23 AWG Solid
CONDUCTOR MATERIAL	Copper Clad Aluminum (CCA)	SHIELDING TYPE	SFTP (Foil Shield + Braided Mesh)
JACKET CONSTRUCTION	Weather-Resistant Single Jacket	COLOR	Industrial Black
WEATHER RESISTANCE	UV & Moisture Protected Exterior	PORT COUNT	N/A (Bulk Infrastructure Media)
MOUNTING	Outdoor Conduit / Wall Mount / Pole	TERMINATION TYPE	Shielded RJ45 / IDC Compatible
WIRING STANDARD	ANSI/TIA-568-C.2 / ISO/IEC 11801	CONTACT MATERIAL	Conductive Interface Surface
RACK HEIGHT	N/A	CABLE MANAGEMENT	Tangle-Free Flexible Coil
PERFORMANCE	High EMI Suppression & Signal Stability	OPERATING TEMP	-35°C to 75°C
STORAGE TEMP	-40°C to 80°C	HUMIDITY	0% to 100% (Outdoor Environment)
APPLICATION	Outdoor Surveillance, WAPs, Bridge Links	COMPLIANCE	ETL Verified, RoHS, ISO 9001
